NOTICE.

The publication of this work has been long delayed because of scanty knowledge concerning our past cadets, a reason which still obtains to a large degree. It is hoped, however, that this volume, which can only be considered preliminary, will call forth such a large amount of information from those who may read it and have special knowledge concerning certain persons, that another and far more correct record may be published in the near future.

A Committee on publication was appointed at our last meeting, June 27, 1894, consisting of Prof. Charles Dole, Col. H. O. Kent, Maj. H. E. Alvord and the Alumni Secretary. While this Committee has done all that it could in its somewhat scattered geographical condition and has agreed on the general plan; nevertheless, conference has been impossible on many points and the Secretary must be held responsible for the many faults which are unavoidable in a first edition.

The Committee unanimously decided that it would be unwise to print the record of any past cadet, however distinguished, for the reason that we had neither space nor data for giving the records of all. We have therefore adhered to the rule of mentioning those honors, only which directly pertain to Norwich University. This will doubtless disappoint some who have distinguished themselves in life, and thus honored and helped their Alma Mater, but it is hoped that a work which will give the records of all distinguished graduates may be undertaken at another time.

Much credit is due to the following gentlemen for labor in collecting data for this catalogue: Col. H. O. Kent, Maj. H. E. Alvord, Dr. Louis Habel, Prof. J. C. Wait, N. L Sheldon, Esq., Gen. G. M Dodge and others.

Past cadets are earnestly requested to look up men of their time in college, and if they possess information which we do not, to inform us at their early convenience. The Secretary especially requests notice of changes of address.

John B. Johnson, '79,
Alumni Secretary.

ABBREVIATIONS AND EXPLANATION OF SYMBOLS, ETC.

Sheldon, N L, l., ,84 B. L.
146 Franklin St., Boston, Mass.,

means that Mr. N. L. Sheldon graduated with the degree of B. L. in 1884, and is a lawyer (l.) at the address given. In case the cadet did not remain to take a degree, the year of entrance only is given. The small letter always indicates the vocation. An italicised address signifies that the person entered college from that place and that nothing more is known of him.
